

DANGER MENACES BRITAIN

Lord Roberts Sounds An Alarm in British House

GERMANY'S SEA POWER

Fearful by England as is Also the Present Attitude of Emperor William.

London, Nov. 24.—Speaking in the House of Lords last night Field Marshal Lord Roberts expressed the conviction that the lack of a military force sufficient to make hopeless the attempt of an invasion would, in all probability, be the cause of the loss of Great Britain's supremacy at sea.

In a studied speech he pointed out the comparative ease with which Germany could land an army on the shores of England. Under present conditions England would be forced, he said, to submit to most humiliating demands.

He disclaimed all hostility to or fear of Germany, but he declared that the defense of the islands required immediate attention. There should be an army so strong in number and efficient in quality that the most formidable of foreign nations would hesitate to land in England.

He has ascertained, the speaker continued, that vessels capable of accommodating 200,000 men always were available to the northern ports of Germany, and that as a result of the new German service law 200,000 men could be collected in the districts of the nearest port, without any trouble.

The great German steamship lines were in constant practice in embarking and disembarking, and as the railroads were owned by the state all preliminaries, up to the actual dispatch of troops, could be carried out with the utmost secrecy. Germany was perfectly aware, the field marshal went on, that it would be essential for her transports to evade the British fleet, and she could easily distract attention by small raids while the main disembarkation was proceeding undisturbed.

"It would be folly," declared Lord Roberts, "to shut our eyes to the possibilities, however much peace is desired. The startling events in the near East have brought home to the most careless observer that nothing could save that country which is not prepared to protect itself. If Great Britain continues to neglect the most ordinary precautions she may some day find herself in the hands of the invader and forced to submit to the most humiliating conditions."

The British navy under present conditions was fettered in home waters and without military force sufficient to render an invasion hopeless. Great Britain's military weakness would in all probability be the cause of the loss of her naval supremacy.

Lord Roberts' speech caused a sensation in the house. The Earl of Crewe remarked on the seriousness of such statements in the present high-strung conditions of Europe's nerves, saying he feared there would be regretful consequences.

Lord Roberts' resolution to the effect that the defense of the islands necessitates the immediate attention of the government to make provision for such a strong and efficient army that the most formidable foreign nation will hesitate before making an attempt at landing, was adopted by a vote of 74 to 32.

Sharon, Pa., Nov. 24.—Judge E. E. Roberts of Warren, O., died here early today suddenly of heart disease.

LOSS OF LIFE

In Arkansas Tornado Will Reach Half a Hundred—Details are Very Meagre.

Little Rock, Ark., Nov. 24.—Indications are that loss of life in the tornado will reach 50 or more. At least 100 are injured, many of whom are negroes. The worst damage is in the vicinity of Ozark. At Cravensbarr it is reported 12 were killed. Details are still meagre.

It is expected that the loss will reach \$1,000,000. The country has been swept bare for miles, whole forests have been torn up by the roots and scores of buildings reduced to wreckage. From the western part of the state, where the damage was greatest, and the death list largest, it is impossible to get definite information. Workmen have been busy for 24 hours, trying to re-establish communication.

PEACEMAKERS

Were Killed by Infuriated Husband Who Was Beating His Wife— Slayer Escapes.

Wilkesbarre, Pa., Nov. 24.—Two men who interfered when Andrew Bagotas of Pittsburgh, was beating his wife, were shot and killed by him. The victims were Charles Bagotas a brother, and John Hanso, boarders at Bagotas house. The slayer escaped.

FORAKER AND DICK CONFER

Columbus, Nov. 24.—Senators Foraker and Dick are in Columbus for a round-up of the senatorial situation, using the wool growers' tariff conference as a pretext. Politicians of the Foraker persuasion are here from all over the state. Foraker is going to fight to the last ditch to save his toga. If defeat stares him in the face at the finish, he will throw his support to Governor Harris or any one else that can defeat Congressman Burton or C. P. Taft.

ARMED NATIVES ATTACK TRAIN

Capetown, Africa, Nov. 24.—Armed natives attacked a passenger train near Johannesburg, riddling the windows with stones and bullets, wounding several passengers, and shouting: "Down with the whites." The outbreak resulted from racial friction. Further trouble is feared.

FORMER SHERIFF WHO IS ACCUSED IN CARMACK CASE

Nashville, Nov. 24.—John D. Sharp, ex-sheriff of Davidson county, Tenn., probably will be tried jointly with the Coopers.

in connection with the killing of Edward W. Carmack. Sharp is charged in the indictment with "moving, counseling and inducing" the other defendants to kill Carmack. This is the first photograph of the ex-sheriff published since the tragedy.

When a man has to back up his assertion with an affidavit, it suggests that he isn't accustomed to telling the truth.

DRYS CARRY THREE MORE COUNTIES

Jefferson, Clermont and Sandusky Vote Out 210 Saloons

ONE COUNTY VOTES WET

Miami and Fulton Voting Today ---Brewers Oppose "Near Beer"---Drinks on Boat.

County.	Majority.
Jefferson	1800
Sandusky	550
Clermont	972

WET COUNTY.	Majority.
Huron	34

Saloons voted out, 210; also, two breweries and several agencies. With majorities ranging from 550 to 1800, three Ohio counties—Jefferson, Sandusky and Clermont—yesterday joined the dry columns, and as a result of the local option elections 210 saloons, two breweries and several agencies will go out of business. One county, Huron, voted wet with a majority of 34.

There are two elections today, in Miami and Fulton counties.

BIG DRY VICTORY.

Steubenville, Nov. 24.—Jefferson county yesterday registered one of the biggest dry victories in Ohio's local option campaign, rolling up 1800 dry majority in a large vote. It voted out 147 saloons, one brewery, and six brewery agencies. Crowds thronged the polling places which deputy sheriffs guarded. One arrest for illegal voting was made.

Steubenville, with 90 saloons, went 648 wet; Mingo, with 26 saloons, went 55 wet; Toronto, with 15 saloons, went 66 dry; Dillonville, with 24 saloons, went 184 dry; Grover, with four saloons, went seven dry; Amsterdam, with three saloons, went nine dry.

CITY WET; COUNTY DRY.

Fremont, Nov. 24.—Sandusky county Monday, joined the dry counties, and by an unofficial majority of 550 voted out 47 saloons. The city of Fremont went wet by a majority of 246. Clyde, with six saloons, went dry by 240. A large vote was polled, in some precincts larger than at the presidential election. The unofficial vote from the 37 precincts in the county gave the drys 4962, wets 4434. The drys carried 29 precincts, five of which were large townships. Only two precincts in Fremont went dry. The election passed off without special incident.

CLERMONT IS DRY.

Batavia, Nov. 24.—Clermont county was carried by the drys Monday, by a majority of 972. Fifteen saloons were voted out. There were 728 votes cast, which is only one less than was cast when Pattison was elected governor. Saloons were voted out as follows: Two in Milford, three in Loveland, two in Moscow, five in New Richmond, two in Batavia township, and one in Stonelick township.

The wets carried five of the 14 townships. All of the large towns of the county went dry by large majorities.

MAJORITY IS SMALL.

Norwalk, Nov. 24.—Huron county went wet yesterday, by 34 majority, after an exciting local option campaign. The city of Norwalk went wet by 430; Chicago Junction, dry by 150; Bellevue, wet by 115; New London, dry by 126; Greenwich, dry by 87; Plymouth, wet by 14.

BREWERS OPPOSE "NEAR BEER"

Cleveland, Nov. 24.—The Cleveland Brewers' association discussed at length the sale of "near beer" in dry counties. The entire question was taken up fully and President Gund of the association said after the meeting that the majority of the brewers were of the opinion that the "near beer" ought not to be manufactured. It is being sold now by the Cleveland-Sandusky Brewing company.

CAN GET DRINKS ON BOAT.

Ripley, Nov. 24.—Thirsty citizens in dry counties along the Ohio river are now afforded relief by a newly started line of boats. The large gas-

oline boat, Kitty Southgate, has been chartered and licensed to ply between Cincinnati and Rome, a hamlet on the Ohio river in Adams county. She is loaded with whisky and beer. Drinks can be obtained on board.

RESTS WITH RURAL VOTE.

Troy, Nov. 24.—With the local option election today, both the wets and drys count on a victory, the wets by a small majority, and the drys by 1000 votes. The result rests with the rural vote, and both sides are claiming it. The voting will be heavy.

THIEVES ATTEMPT STATION ROBBERY

Steubenville, Nov. 24.—The C. and P. railroad passenger station at Rayland was burglarized last night. An attempt to blow the safe failed. Only a small amount of change was taken.

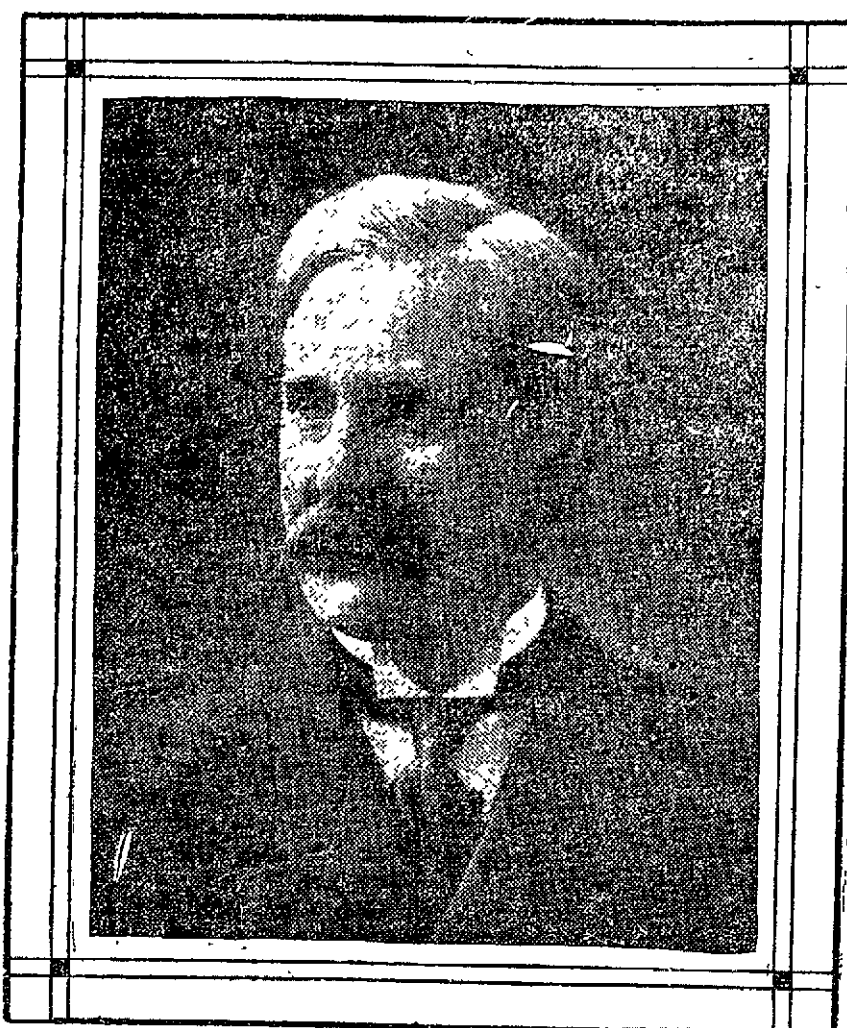

CARNEGIE CALLED TO DISCUSS TARIFF AT WASHINGTON

Washington, D. C., Nov. 24.—Chairman Payne of the house committee on ways and means sent a telegram to Andrew Carnegie, in New York City, asking him to appear this week, to give the committee such information as he possesses in regard to iron and steel industry and tariff schedules.

This formal invitation from the committee is the result of Carnegie declaration in his article in the forthcoming number of the Century magazine that the tariff schedules on iron and steel should be reduced.

The committee desires him to appear Wednesday, when the iron and

ROUNDUP OF BIG "CON" MEN

Chicago, Nov. 24.—The arrest of two men today completed the work of the secret service rounding up a gang of counterfeiters operating the biggest green goods swindle ever in this part of the country. There were nine arrested in all, three women.

MAY COMMAND G. A. R.

Marietta, O., Nov. 24.—The veterans of Buell Post No. 178, Department of Ohio, G. A. R., are urging Charles H. Newton, of that post, for the position of commander of the state department to be filled at the Newark encampment.

The candidate has served six times as post commander, as junior and senior vice commander of the department, and several times as member of the council of administration.

His army record is said by his comrades to be of the highest character. In September, 1863, he was commissioned lieutenant of Battery K, Second Regiment of Heavy Artillery, Ohio Volunteers, and was promoted in July, 1864, and transferred to Battery D. He is treasurer of the Savings bank here.

CHAIRMAN OF INAUGURAL COMMITTEE

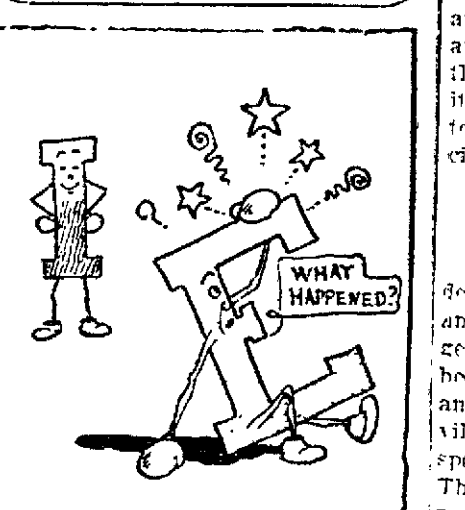

Washington, Nov. 24.—Edward J. Stollwagen, a prominent banker and real estate operator today was appointed chairman of the inaugural committee by Chairman Hitchcock of the National Republican committee.

BOGUS SIR TOM

Turns Out to be Wealthy Pittsburger Who Bears Resemblance to Irish Noblemen.

Fr. Worth, Texas, Nov. 24.—The bogus Thomas Lipton, who for several days kept residents of this part of the state in a fever of excitement with dreams of sudden wealth, to accrue from enterprises he was to start, turns out to be Major E. M. Burrows, of Pittsburg, Pa. He bears a marked resemblance and when mistaken for the Irish baronet, thought the joke to good to spoil.

ROCKEFELLER THROUGH WITH HIS TESTIMONY

Only Owned 256,854 Shares of Standard Oil in 1889

ARCHBOLD TO FOLLOW

Standard Official Interested in Nearly All Trunk Lines of the Country.

New York, Nov. 24.—Federal Trust Buster Kellogg picked the lock of John D. Rockefeller's private investment record today during the Standard Oil hearing. Rockefeller hesitated to name his investments only because he said, of possible influence on the stock market.

When Kellogg insisted Rockefeller answered: "I have investments in stocks of Delaware, Lackawanna and Western, New York Central, Pennsylvania, Western Maryland, Missouri Pacific, Texas Pacific, Erie, first preferred, Colorado and Southern and a railroad in Mexico, name of which I cannot now recall off hand."

"Is it not true," persisted Kellogg "that you are a very heavy owner of stocks and bonds of leading railroads?"

"Yes, I should say so," answered the witness complacently. "I have acquired bonded indebtedness of a number of railroads in conjunction with other corporations who are in the habit of borrowing money on good security."

"Is it not true," inquired Attorney Kellogg, "that you are the heaviest owner of railroad stocks in this country?"

"No, I should say not," answered Rockefeller. "There are a number of men more heavily interested in railroad stocks than myself."

"Who, for instance?"

"Oh, I really couldn't say just now, but there must be a great many."

New York, Nov. 24.—John D. Rockefeller in the federal suit today testified that when the Standard Oil company organized in New Jersey, in 1889, he owned 256,854 out of a total of 983,383 shares. The witness is cheered by the belief that today ends his inquisition. His examination laid the foundation for Vice President Archbold to follow.

He declared he could not recall contracting in 1875 with Schofield, Schurmer & Teagle of Cleveland, that they should not handle more than 85,000 barrels of oil each year, and that the Standard should receive excess profits of the Cleveland plant up to \$60,000 additional profits to be divided.

The prosecutor refreshed his memory by calling attention to an injunction suit against Schofield & Company to compel compliance with the conditions. He pressed a similar lapse of memory in relation to other contracts.

He testified that he owned stock in the following railroads: Lackawanna, New York Central, Pennsylvania, Western Maryland, Missouri Pacific, Texas Pacific, Erie, Colorado Southern, and a railroad in Mexico.

SUPREME COURT DECIDES CINCINNATI PROBE INVALID

Columbus, Nov. 24.—The supreme court today held the Gayman committee to investigate Cincinnati invalid, because the legislature cannot appoint a committee to investigate after the time within the power of the general assembly to convene of its own motion. A similar committee for Cleveland fails by this decision.

WILD GESE WERE "EASY"

Saville, L. I., Nov. 24.—Lost in the dense fog which overspread Long Island last night, a large flock of wild geese dropped down on this village, became entangled in the telephone and telegraph wires and provided the villagers with an hour of exciting sport and their Thanksgiving dinners. The arrival of the lost flock was made known by the interruption of the telephone service and their shrill cries of "honk, honk," which came over the wires.

CASE AFTER CASE.

Plenty More Like This in Newark.

Scores of Newark people can tell you about Doan's Kidney Pills. Many happy citizens make a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Amos Frey, Toboso seven miles east of Newark, O., says: "I have been entirely free from kidney trouble since Doan's Kidney Pills cured me over eleven years ago. Prior to that time I suffered severely from pains through the small of my back and loins which were always aggravated by the least exertion. If I sat in one position for any length of time, my back became so sore that I suffered untold misery. I used several remedies, but the relief obtained was slight and I continued to grow worse until I was in a serious condition. I finally read of Doan's Kidney Pills and as they were highly recommended for complaints similar to mine, I procured a box at Crayton's drug store. They acted just as represented, going directly to the seat of my trouble and ridding me of all pain. I have always highly endorsed Doan's Kidney Pills and deem it a pleasure to do so whenever an opportunity presents itself."

NOW ENJOYS BEST OF HEALTH

TURED OF HEAVY COLD BY FATHER JOHN'S MEDICINE.

"I have found that Father John's medicine is a great cure for coughs, bronchitis and throat and lung ailments. I had a very bad cough and was sure it would lead to bronchitis if I didn't take Father John's Medicine, and within one night my cough was relieved. But I still kept on using it until my cold was cured. I am now in the best of health. I have advised many of my friends who have suffered with coughs and colds to take Father John's Medicine, which they did, and with the same result. I am very thankful for what that wonderful remedy has done for me." (Signed) Frederick T. Mudrak, 14 Barnaby St., Geneva, Providence, R. I.

Anty Drudge on Marriage.

Miss Dolly Dainty—"I certainly do love James—but he's far too poor for us to get married. I'm not strong enough to do the family washing myself, and we cannot afford a girl."

Anty Drudge—"Get married right away if that's all that stops you. You're plenty strong enough to wash clothes the Fels-Naptha way. Fels-Naptha is easy on the woman; easy on the clothes."

Easy on the woman; easy on the clothes! That, in a nutshell, is the Fels-Naptha way of washing.

Fels-Naptha soap does away with all the hard and disagreeable part of washing clothes. Little rubbing, no steaming suds to bend over, no keeping up fire to boil the clothes, no nauseous odor from cooking soiled garments

CURE FOR ECZEMA DISCOVERED.

Dr. J. E. Currier Tells How It Can Be Used by the Patients Themselves.

(From Chicago Examiner.)

"Eczema, tetter, ringworm and other skin diseases are spreading," says Dr. J. E. Currier in the Doctor's Guide, writing about a new and wonderfully successful cure for skin affections.

"I apply this pure citrox, dissolved in hot water, twice a day. You who know how stubborn tetter, ringworm and eczema can be, will be amazed to see how soon this stops the itching, dries up the eruption, and causes a growth of new, healthy skin. I know tell my patients to get a package of pure citrox at the drug store and dissolve a teaspoonful in two tablespoonfuls of hot water, as this solution must be made fresh each time and used warm."

"I am having better success than ever before. A case of tetter on the hand, had run six months, citrox cured it in a week; and a young woman whose back was a mass of pustules was cured in two weeks. I cured many others. Be careful to get the pure drug put up in small, neat packages."

"I will suggest women to learn that the W. H. Connor drug's value for skin diseases was discovered, practically, by the doctor's wife."

A CARD.

Mr. Editor: I would like to ask permission of a small portion of your paper to defend myself. There has been over this said and done that could be thought of to destroy our home, ruin my reputation, and my influence for the right. These things have been said and done from the beginning through jealousy for me, because I will not join in the works of sin. I am no wolf in sheep's clothing, but stand for the right, regardless of all persecutions. Where are our church and mission people? Are they willing to help convert China, or are they

willing to try to help save the people of Ohio from immorality as well as liquor and try to make the people of this state and this city a SAVED PEOPLE FOR GOD?

A RAFFLE FOR A TURKEY.

"Twice the raffle for a turkey that attracted all the crowd, and before the fun was over they were talking rather loud; but 'twas neither turks nor chickens brought the argument about—'twas simply that a statement made had been received in doubt. A man named Jimmy Johnson, a painter of the best, had said Aurora Paint would stand most any kind of test, and when some one excepted he was 'Johnny on the spot,' and ere he clinched his argument became a little hot. Aurora Mixed Paint whether for outside or inside painting will prove the best. Made by the Marietta Paint and Color Co., Marietta, Ohio. Sold by Newark Paint Co., 31 West Church street.

FACTS ANSWERING "TAX PAYER"

In your issue of Friday's paper a taxpayer attempted to criticize me for doing my duty, as a councilman, and as chairman of the finance committee. Now the annual appropriation ordinance was introduced at the last meeting and referred to the finance committee for their consideration, where all matters pertaining to finance and appropriations are referred. As chairman of the finance committee it was my duty to explain to the council as to the condition of the city's finances at present and what would be the result should we be deprived of the revenue derived from the Aiken Tax by the Local Option law.

It was my duty as a member of the council and chairman of the finance committee to state the facts regarding the city's financial condition regardless of any local option issue that might be pending.

I believe I made a very clear statement of the facts to the council and I reiterate that should we lose this

revenue, whether it be just or otherwise, we will be unable to meet the requirements of the city to maintain the police and fire. It has been said that if the saloons are voted out that we would not require as many police and thus cut the expense, as far as that department is concerned, "grant that," but how about the fire department? Can we afford to lose any portion of this well-equipped and faultlessly-manned department? In consequence of necessary expenditures for city improvements now under way, we have reached the limit for the tax levy, and as to bond issues the attorney general rendered a decision that we could not issue any more bonds unless by a vote of the people by special election.

Now if the Taxpayer can enlighten me as to how to meet the deficiency as the result of losing the Aiken Tax, I certainly will be grateful.

J. S. KUSTER,
Chairman Finance Committee, City Council.

Harold has been with the Allis-Chalmers company at Norwood, O., and later at Milwaukee, Wis., where he has had charge of the laboratory of that concern but has resigned to accept a position tendered him as instructor in the University of Pennsylvania at Philadelphia. Ohio's war strength is 5099 enlisted men. 24d3t

Meetings Largely Attended.

The special meetings which have been in progress for the past two weeks at the Hanover Presbyterian church, have been largely attended. The Rev. G. W. Applegate of the Woodside Presbyterian church, and the Rev. Dr. Bigger, former state synodical missionary, have been conducting the services. A special patriotic men's meeting was held Sunday and was decidedly successful. The meetings will probably last a couple of weeks. 24d3t

Oil Car Catches Fire. An alarm of fire sent in at 5:15 o'clock Sunday morning called the Central company to First and Franklin streets, where the oil distributing car of the B. & O. railroad was in flames. The car, which is in charge of James Miller, had come in from the Lake Erie division a short time before. A number of cans of oil in the car exploded. The firemen fought a standstill, and the car, although badly charred, can be repaired. It is not known how the fire originated. 24d3t

THE TWO TERM RULE

AS TO CONGRESSMEN

The following from James W.

Faulkner's Sunday letter to the En-
quirer may be of some local interest
here and elsewhere throughout the
17th district:

"Congressman William A. Ashbrook
of the Seventeenth district, the media-
winner on the Democratic side at the
recent election, came over from Lick-
ing county this week with Uncle Joe
Newton to inspect the new improve-
ments at the State House. During
their visit the two gentlemen from the
vicinity of Mary Ann township were
beset with questions as to whether
the editor of the New Philadelphia
Tribune was right in the pre-
diction that the Congressman would
be renominated and re-elected in 1910.
The Congressman said nothing, but
Uncle Joe ventured the opinion that
the two-term rule was 'a handy thing
when one wanted to get rid of a bad
candidate, but terribly unhandy when
the reverse was true and it was de-
sired to keep a good man in office.'
District papers will please copy and
forward marked sample to Hon. Ed-
win S. Wertz, either at Dalton or
Wooster, Wayne county, in care of the
Postmaster."

RAILWAY AFFAIRS

B. & O. engine 1910 is out of the
erection shop, having been rebuilt.
This was the engine that was in the
wreck at Barnesville a few months
ago and went over an embankment,
being badly wrecked.

The new fall time card of the B. &
O. railroad went into effect Sunday,
December 22. But few changes in the
running of trains have been made.
Train 104 leaves at 1:21 for Wheeling
and Pittsburgh instead of at 12:30. A
new fast freight train has been put
on between Zanesville and Parkers-
burg, leaving Zanesville at 2 o'clock
a. m. No changes are made on the
trains of the Lake Erie division, all
of the trains running at exactly the
same time as they have been for
some time.

The Erie has been shipping a
number of its cars to Columbus where
the cars are being rebuilt. The plan
is to convert them into steel cars and
use the old trucks, which are for the
most part in the best condition. The
work is being confined to coal cars.

NERVOUS TROUBLES AND THE BLOOD

Rich Blood Means Healthy Nerves as This Cleveland Woman Can Testify.

Why are nervous people invariably
pale people? The answer to that ques-
tion explains why a remedy that acts on
the blood can cure nervous troubles. It
explains why Dr. Williams' Pink Pills
for Pale People are also for nervous
people.

It is because of the intimate relation
between the red corpuscles in the blood
and the health of the nerves. The ner-
vous system receives its nourishment as
well as its medicine through the blood.
Let the blood become thin, weak and
colorless and the nerves are starved—
the victim is started on the road that
leads to nervous wreck. Nervous peo-
ple are pale people—but the pallor comes
first. Burnt the blood and the nerves
are stimulated and toned up to do their
part of the work of the body.

Mrs. James T. Neiswender, of 3233
Library avenue, S. W., Cleveland, Ohio,
says: "Two years ago I was taken with
awful pains in my head and with dizzy-
ness. Black specks seemed to float before
my eyes and for eight weeks I was in bed
suffering indescribable pains, which
extended from between my shoulders to
the back of my head. During this time
I could not lift my head from the pillow
without intense suffering. I had spells
of crying that would last for hours. I
was completely discouraged and it seemed
as though there was nothing to do but
wait and suffer.

"The doctor at first thought I was
suffering from neuralgia of the spine
but later called it nervous trouble. He
called daily and changed his medicine
about as often. He brought a nerve
specialist who recommended massage
but nothing helped. Finally I told the
doctor that I wanted to try Dr. Williams'
Pink Pills which I had tried with
good results when a girl. I did so and
in a few weeks was up and around as
well as could be. I continued using the
pills for some time afterwards and have
since been in good health."

Those who are interested in the treat-
ment which cured this case can obtain
further information by writing for the
booklet "Nervous Disorders" which we
send free on request.

Dr. Williams' Pink Pills are sold by
all druggists, or sent by mail, postpaid,
on receipt of price, 50 cents per box; six
boxes, for \$2.50, by the Dr. Williams
Medicine Company, Schenectady, N. Y.

The annual inspection of the sig-
nals and interlocking systems of the
Pennsylvania is now being held. The
special carrying the officials of this
department passed through the city
this morning going north.

The freight business on the T. &
& C. railroad showed 20 per cent
better compared with a corresponding
period last year. So many extra
freights are being run that on some
it is necessary to use regular pas-
senger coaches for cabooses. The pas-
senger business is picking up at an
equal rate.

It is reported that stock shipments
on the next few days may be cut
down because of the unsatisfactory con-
ditions which caused the temporary
closing of the various stock yards.

The T. & C. will conduct an ex-
cursion to the International Stock
Exhibit at Chicago from Nov. 28 to
Dec. 10.

Indorsement of the proposed inter-
changeable mileage book at 1 3-4
cents per mile, good over every trac-
tion road in Ohio, Indiana and parts
of Kentucky, Pennsylvania and Michi-
gan, was the most important act of
the Central Electric Association at
its recent meeting in Lima, O. It is

expected to place the new mileage
on sale January 2.

Thieves Loot Car.
A freight car on the B. & O. rail-
road was entered by thieves some-
where between Zanesville and Chi-
cago Junction and a large quantity
of booty was secured. The theft
was reported to Detective Foreman,
of the B. & O., and he went to work
on the case. It is estimated that over
\$200 worth of goods were carried
away while the car was standing on
a side track. Among the goods se-
cured were gloves, clothing and teas,
spices and coffees from the Sears,
Roebuck company, of Chicago. A
small gasoline engine was also re-
ported missing.

SCRAPPY GAME

Won by P. D. Q.'s From All Stars By
Lonesome Touchdown.

The P. D. Q.'s engaged in one of the
fiercest games of the season when
they defeated Pete Davis' All-Stars
by a score of 5 to 0. Although out-
weighed at least 15 pounds on an av-
erage, the P. D. Q.'s successfully held
their heavier opponents. The Stars
lived up to their name as a scrappy
and aggressive bunch but had to
swallow defeat from a better team.
The best playing of the game was
done by McCarty and Shaughnessy
of the P. D. Q.'s and Baugher of the
Stars. The P. D. Q. team whose
members only average about 145
pounds, have met the best teams in
the city at that weight but have never
met defeat yet, and have won from
other teams, who, like the Stars, out-
weighed them. Lineup:

ACADEMY OF SCIENCE

OF THE STATE WILL MEET AT
GRANVILLE NOV. 26-28—A
DISTINGUISHED BODY.

Debating Societies of Denison Ar-
ranging Date—Stag Banquet.
Other News.

Granville, Nov. 24.—The meeting of the Ohio Academy of Science, to be held in Granville, Nov. 26, 27 and 28, will be one of the most notable gatherings of distinguished scientists ever held in the state or the United States. The principal address of the meeting will be that of Prof. R. S. Tary, head of the Department of Physical Geography at Cornell University. It is expected that in the neighborhood of seventy-five members of the Academy will be present at the meeting and the great majority of them will be entertained by professors of Denison, although a number of them will be quartered in the fraternity houses and the men's dormitories.

An interesting schedule for the teams is being prepared by the joint committee from the college literary societies which has in charge the debating arrangements for Denison this year. Already negotiations have been opened with several of the large schools of the state and favorable replies have been received from Kenyon, Cincinnati, Wooster and others, and correspondence is now being had with Purdue university of Indiana. The meets that have been definitely arranged for up to this time is a debate with Hiram and a triangle contest, similar to that of last year, with Heidelberg and Otterbein. The preliminary debate will probably be held during the first week in December, and the subject for discussion is the affirmative side of the question: "Resolved, That the system of guaranteed bank deposits, as advocated in the Democratic national platform, should be established in the United States."

One of the most enjoyable events that has taken place in college circles for some time, was the annual stag initiation banquet of Franklin Literary society on Monday evening, at "The Little Inn." The menu consisted of four courses and was one of the best ever served in Granville. At the conclusion of the feast, H. H. Gibson, president of the society, acting as toastmaster, called the meeting to order and toasts were responded to by twenty-three new men. The affair was greatly enjoyed by those who were in attendance.

LYDIA E.
PINKHAM'S
VEGETABLE COMPOUND

No other medicine for Woman's ills in the world has received such wide-spread and unqualified endorsement as has Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

No other medicine has such a record of success for woman's diseases, or such hosts of grateful friends as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been the standard remedy for feminine ills, inflammation, ulceration, and consequent Spinal Weakness.

It has relieved more cases of Backache and Local Weakness than any other one remedy. It dissolves and expels tumors in an early stage of development.

Irregularities and periodic pains, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility, quickly yield to it; also deranged organs, causing pain, dragging sensations and backache. Under all circumstances it acts in harmony with the female system.

It removes that wearing feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues." These are indications of feminine disorders, which this medicine overcomes as well as slight derangement of the kidneys of either sex.

Women who are sick and want to get well should refuse to accept any substitute for Lydia E. Pinkham's Vegetable Compound.

E. J. Wright in Zanesville, has returned home.

Mrs. Mary Halliday of Urbana, who has been here for some days, visiting friends and on business, returned home Tuesday morning.

Miss Louise Ferguson left for Dayton Tuesday where she will be the guest of Miss Leidligh for a few days. Mr. William Holbrook of Beaver Falls, Pa., has returned home after a short visit with friends in this vicinity.

Misses Belle Newton of Bowling Green, Agnes Walsh of Dayton, and Alice Dalziel of Granville, were entertained Monday evening at dinner by Dr. and Mrs. R. S. Colwell.

Miss Grace Field left Monday for her home in Columbus, where she will spend Thanksgiving.

Miss Ethel Royce has gone to her home in Bowling Green to spend the Thanksgiving holidays.

Henry Wood, a prominent young attorney of Allegheny City, Pa., was in the village Monday, calling on old friends.

"Squire Sayre, the learned justice of the peace of Granville township, will have for hearing in his court Wednesday the case of the State against Macklin, charged with the illegal sale of fish. The enterprising legal firm of Moore & Moore of Thornville will defend Macklin. The case is of unusual interest to the sportsmen of Licking county.

10 CENTS TO STOP THAT ITCH.

How Easy to Get Relief—Instant Relief—From Skin Disease.

Is it worth 10 cents to you to stop that awful, agonizing itch?

If you are afflicted with skin disease, the kind that seems to baffle medical treatment, and leaves you wild with itch, we hope you will not fail to investigate a prescription which is now recommended by many of the best skin specialists, even in preference to their own prescriptions. It is the simple soothing oil of watergreen compound, known as D. D. D. Prescription. A 10 cent trial bottle must convince you that the itch is instantly allayed by this prescription. Get a liberal trial bottle of the healing, soothing, external remedy, D. D. D. Prescription—and see!

We feel quite sure that before long you will be cured, and at any rate we know—KNOW POSITIVELY—that your itch will be allayed instantly, the minute that soothing liquid is applied to the skin. Frank D. Hall. Write direct to the D. D. D. Co., 112 Michigan St., Chicago, enclosing 10 cents for the trial bottle.

GAS INDUSTRY MAY BE AFFECTED BY LOCAL OPTION

Facts in Gas Business Which Are Worth Considering by the Licking County Farmer.

Will the passing of Licking county into the dry column of counties of Ohio make any difference in the gas business?

The question is a pertinent one and was asked the other day by a farmer who has several paying wells on his premises. A man of inquiring turn of mind, looked the matter fairly in the face, and the facts should be known to all who are interested and many who are not.

Roughly, but safely speaking, there are 600 producing wells on Licking county farms. Each of those wells pay to the land owner \$200 per annum per well, and there are nearer 6000 wells than the 600 above stated. But on the basis of the first indicated figures the annual revenue is in round figures \$120,000 per year. A careful statement is made by one who knows that half of that gas is used as fuel in the glass industry, confessedly one of the foremost industries of this city and county.

It is also carefully stated that the voting of the county dry will be a body-blow at the glass industry. No other demand for the gas will be pressing after the oratory of the wet and dry campaign is over, and it is a fair statement that half of those wells will not be needed to supply the demand. Sixty thousand dollars will be lost to the coffers of the Licking county farmer and his taxes will be higher.

It is a problem worth considering. (adv 24-11)

REGISTRATION DAYS

The registration days for the local option election to be held in Licking county are Friday and Saturday, November 27 and 28. On the days above mentioned the registrars of the different wards and precincts will be at the several voting places from 8 a. m. to 2 p. m., and from 4 to 9 p. m., for the purpose of receiving registration and transfers. The Board of Deputy State Supervisors of Election will be in session on the afternoon of December 5 for the purpose of issuing orders of registration from 5 to 7 o'clock.

Best Stomach Remedy Free

It is an old saying that if the stomach is sound the whole body is safe, because so much depends upon the proper working of the stomach. Many persons find themselves with a disorder of the stomach which produces dyspepsia or a peculiar state of biliousness.

If you suffer from both stomach trouble and constipation you are on the way to a very serious disease. From just such conditions come appendicitis, rheumatism, skin diseases and similar disorders, because the waste matter that should have been expelled from the system through the bowels is found its way into the blood and vitiated it. What is needed at this point is not simply a violent cathartic tablet or salt, which usually does more harm than good, but a gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which people have been using for these ailments for nearly a quarter of a century.

It cured J. C. Latham of Warrensburg, Mo., of stomach trouble of long standing, also William Voll, of 903 Billston St., Louisville, Ky., who had the trouble for fifteen years. However, if you have stomach trouble you want to know from personal experience what Dr. Caldwell's Syrup Pepsin will do for you. If so, send your name to the doctor and a free trial bottle will be sent you. You are urged to send for the free bottle, as the results from it will be the best recommendation of Dr. Caldwell's Syrup Pepsin. Then you will do as over two million people did last year—go to your druggist and buy a regular bottle at 50 cents or 1 dollar according to the size you prefer. We could mention hundreds and hundreds of families who are never without it. You can never tell when some member of the family will need a laxative, and then no time should be lost taking Dr. Caldwell's Syrup Pepsin.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. E. Caldwell, 510 Caldwell bldg., Monticello, Ill.

LUCKY FIND OF MR. A. A. ATKINSON OF COLUMBUS

Gentleman Who Recently Found a
Draft for \$500 in Newark, Found
\$42,000 Cash in New York.

Mr. A. A. Atkinson of 300 East Long street, Columbus, was in the city Monday and made the Advocate office a visit. Mr. Atkinson is the agent of the Children's Home Society of Ohio, and was in the city in the interest of the "Beacon Light," the official publication of the society. He is the gentleman, who, while walking along Third street, in this city, a few days ago, picked up a certificate of deposit for \$500 in front of the Doty House. The certificate was payable to Mrs. Ella Owen, and was soon returned to her. Mr. Atkinson, in conversation with an Advocate reporter, incidentally mentioned the fact of his finding at one time on Fifth avenue, in New York City, of \$42,000 in cash. He said that he was on his way to his hotel at a late hour one night, and was passing along Fifth avenue, which was completely deserted at that hour, when he spied the form of a man lying in the gutter in an intoxicated condition. He went to the man, got him on his feet and assisted him to his handsome home, near by, after which he started on the back trail. On his way back he passed the place where he had found the man, who was a prominent broker, and saw a large pocket book lying in the gutter. He picked it up and carried it to his hotel where he opened it and found therein \$42,000 in cash. The broker had been paid the money too late for banking hours and placed it in his pocket. Mr. Atkinson says that he kept the money until the next morning when he went to the broker's home, and ringing the bell asked the maid who answered it if Mr. ——— was in. He was told that he was in but that he was sick. He then asked to see the man's wife, and on her appearing at the door requested her to ask her husband if he was in possession of his pocket-book. Mr. Atkinson says that it was but a minute or two before Mr. ——— came tearing down the stairs in his "nightie," and too excited to speak. He had missed the pocketbook. Mr. Atkinson says that when he produced the book the broker grabbed it and excitedly counting the money, finding it intact. He refused to accept of any reward but the gratitude of the broker was expressed in a manner, the genuineness of which there could be no doubt.

BOGGS—SOPHER.

Tuesday evening at 8:15 o'clock, the residence of Mr. and Mrs. J. F. Sopher on Woods avenue, was the scene of a pretty home wedding. The occasion was the marriage of their daughter, Kate, to Mr. Homer Boggs, son of Mrs. Hattie Boggs, formerly of this city, but now of Dayton, Ohio. The wedding was solemnized by Rev. L. C. Sparks in the presence of a large company of relatives and friends. After the ceremony an elegant wedding dinner was served. The happy couple are deservedly popular and have many friends who will join in best wishes. After a short wedding trip they will be at home to their friends at Dayton.

NEWARK MEN'S SIGNAL SYSTEM MAY BE ADOPTED

Pennsylvania Will Experiment With
New Devices on Columbus
and Indianapolis Division.

It looks as if Messrs. M. L. Shepherd and Dr. D. M. Smith of this city, who are patentees of an improved railway signal system, are to be strictly in it. It is a system whereby the operator has complete control of the trains, shutting off the steam, applying the air and blowing the whistle with one application, used automatically, which is attached to the semaphore and placed wherever desired. This device does away completely with the dangerous "D"-rail system, now so extensively used, and works automatically with the target at any station. A number of the most prominent railroads in the country have examined the device and pronounced it the best thing of the kind that has ever come under their observation.

Messrs. Smith and Shepherd have received a communication from R. E. McCarty, general superintendent of the Pittsburg, Cincinnati, Chicago & St. Louis Railway company, informing them that officials of the company have received a diagram from the attorney in Washington explaining the details of the invention and that they are very much impressed with its effectiveness and think it would be an improvement to their present system. They ask that they be furnished with ten devices for a test to be held on the division between Columbus and Indianapolis within the next four months. Mr. McCarty has arranged to meet the gentlemen at his office in Columbus on Tuesday, November 24, for the purpose of talking matters over.

Messrs. Shepherd and Smith have received numerous complimentary notices from prominent railroad men all over the country endorsing the device, among whom are G. A. Moriarity, master mechanic of the New York, New Haven and Hartford railroad; William Schlafke, mechanical superintendent of the Erie railroad, Jersey City; Mr. Speck, foreman of the mechanical department of the Panhandle railroad at Dennison, O.; James Kirkpatrick, master mechanic of the B. & O. Newark; James Dennison, travelling engineer, B. & O. R. R., Newark; E. L. Weisgerber, ex-master mechanic B. & O. R. R.; J. R. Harrigan, formerly general manager of the Ohio, Indiana and Eastern Traction company.

NOT KNOWING THIS MEN SUFFER.

Absence of vital power makes the average man of middle age worse off in his ability to enjoy life than the old fellow of 60 odd years.

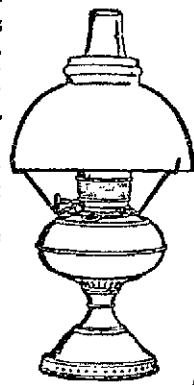

An eminent specialist who has treated many of New York's millionaire club men, and whose fees range from \$3,000 to \$10,000, recently consented to the publication of a most valuable formula, claiming that its marvelous restorative powers over the natural functions was such as to cure the average man and restore nature's sweetest blessing to the highest tone and vigor, such as may never have been realized before. Men in every station suffer untold tortures from inability, nervous exhaustion, kidney and urinary difficulties, so that this will certainly prove a blessing to such and prevent future suffering.

Get at any well-stocked drug store one ounce concentrated fluid balmwort and three ounces syrup sarsaparilla compound, mix and let stand two hours. Then get one ounce compound essence cardiol and one ounce tincture cadomene (not cardamon) compound. Mix all in a six or eight ounce bottle; shake well and take a teaspoonful after each meal and once at retiring.

The three main ingredients are pure concentrations, put up especially for doctors, and for prescriptions generally, in one-ounce bottles, packed in cardboard boxes. If properly made of pure ingredients with printed paper drug guarantee on the packages, a bounding new life will quickly follow with complete restoration of functions that make life worth living. Scurvy is insured by mixing at home, which is as it should be for over-sensitive men.

FOR OLD FOLKS

Simple Home Mixture Relieves Kidney or Bladder Troubles and Rheumatism.

The great majority of men and women at the age of 50 years begin to feel the first signs of advancing age in some form of kidney trouble and bladder weakness. Few are entirely free from that torturous disease, rheumatism, which is not a disease in itself, but a symptom of deranged function of the kidneys, which have become clogged and sluggish, failing in their duty of sifting and straining the poisonous waste matter, uric acid, etc., from the blood, permitting it to remain and decompose, settling about the joints and muscles, causing intense pain and suffering.

The bladder, however, causes the old folks the most annoyance, especially at night and early morning.

Hundreds of readers who suffer will find the following, which is known as the Dandelion mixture, the most harmless and effective treatment to clean the system of rheumatic poisons, remove irritation of the bladder and relieve urinary difficulties of the old people. It is a true vitalizing tonic to the entire kidney and urinary structure, reinvigorating the entire system.

The Dandelion mixture consists of the following simple prescription, the ingredients of which can be obtained from any good pharmacy at small cost: Compound Karsen, one ounce; Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and upon going to bed, also drink plenty of water.

This prescription, though simple, is always effective in the diseases and afflictions of the kidneys and bladder and rheumatism.

A Paying Investment.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone the cold was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at F. D. Hall's drug store. 50c. and \$1.00. Trial bottle free.

Saloons Do Not Reduce Taxes! Figures Do Not Lie

The burden of the song of the saloon articles is directed toward the tax question. They dare not discuss the moral features of the question, but are they correct in their views on the tax question? More than twice as much money is now required to defray the expenses of the county government as was required in 1883, when the saloon tax was first imposed.

We now desire to publish a full statement of the rates of taxation, which shows that notwithstanding the increased tax duplicate, it has been necessary to more than double and in many cases almost treble the rate of taxation upon all classes of taxable property in Licking county.

It will be observed from the foregoing table that many of the subdivisions of the city and county have been made during the last few years which shows that the amount of money necessary to be raised is more than appears by the increase of the tax rate in the subdivisions as they formerly existed.

These tables are taken from the actual records in the County Auditor's office and can easily be verified. They are produced to show that the claims of the saloon-keepers that the taxes must necessarily be increased if the saloons are voted out are absolutely false, because the tax tables show that notwithstanding the increase of the saloon tax from \$100.00 to \$1,000.00 the county's taxes have mounted higher each year.

This proves that it requires vastly more money to conduct the government with the saloons running wide open than it would require if the saloons were suppressed.

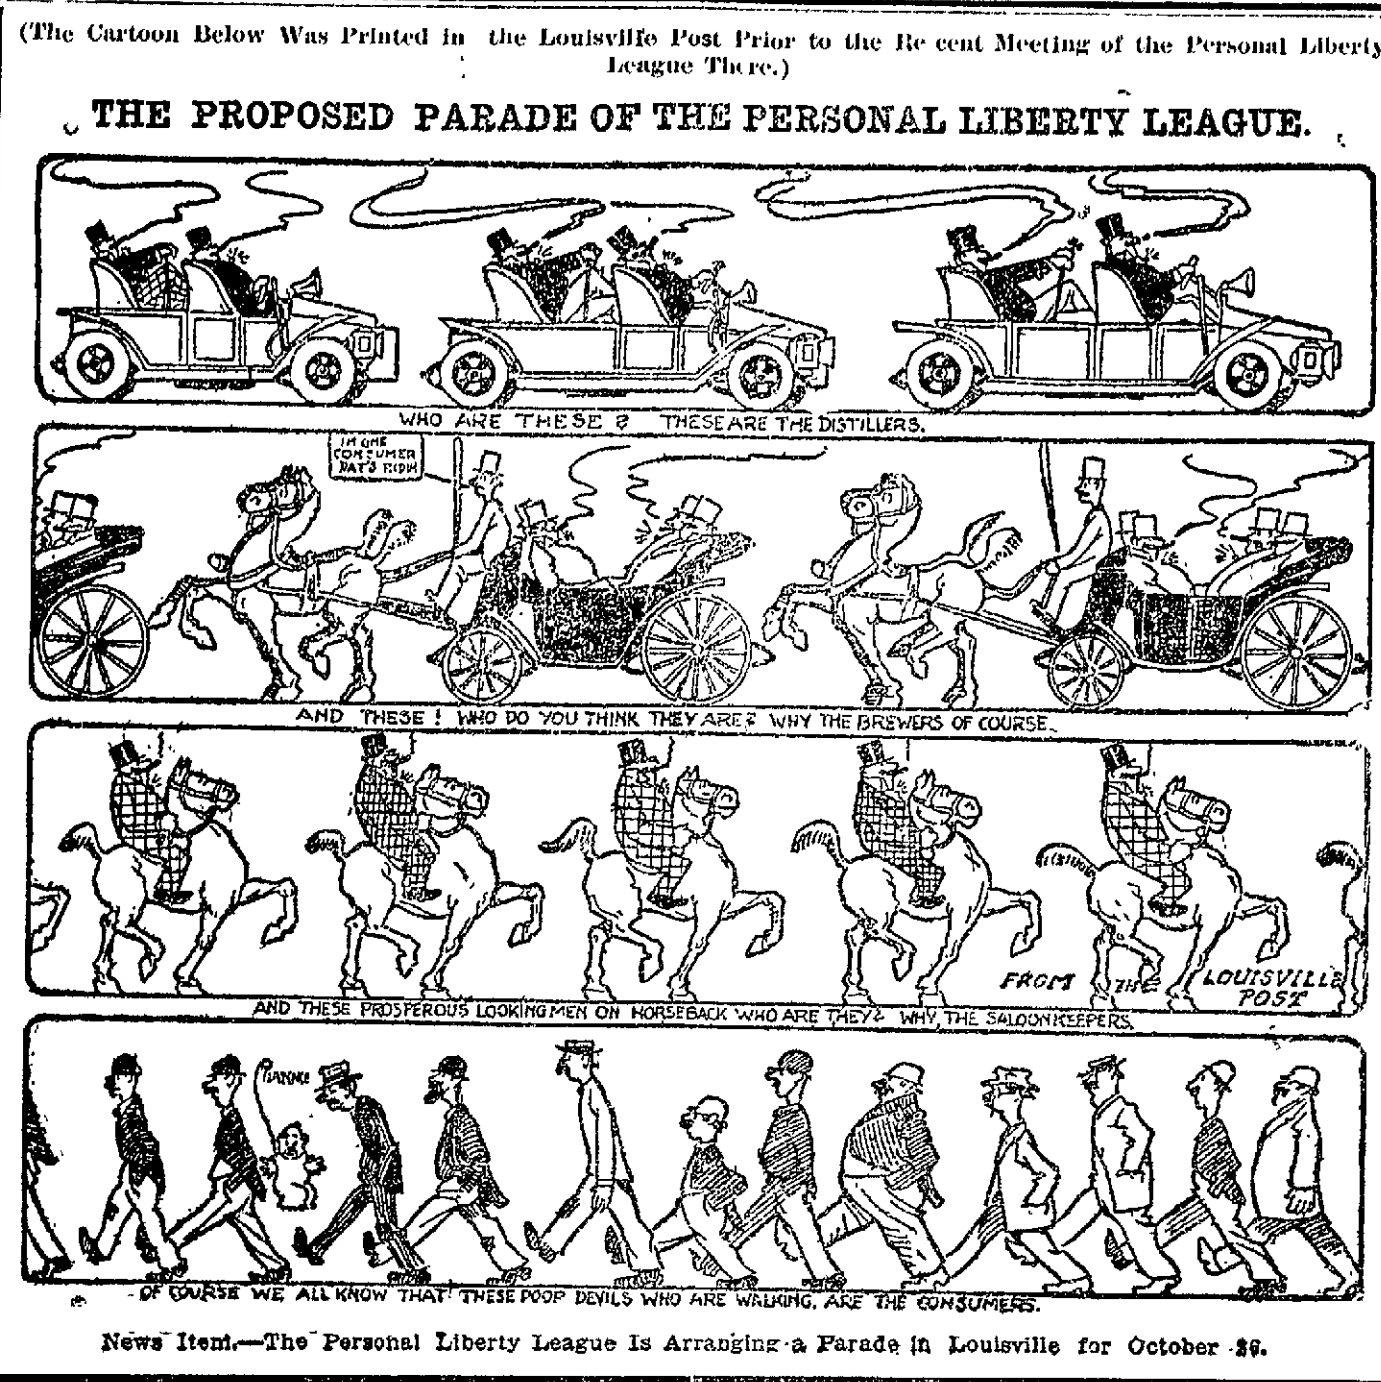

If taxes cannot be reduced by raising the saloon license, then it necessarily follows that taxes are not increased by doing away with the saloons.

We shall hereafter produce more than a dozen examples of cities where the rates of taxation were reduced immediately upon the voting out of saloons and that there is absolutely no reason why the same should not occur in Licking county.

More money was spent for liquor in 1892 than in any previous year, and the panic of 1893 followed.

More money was spent for liquors in 1907 than in any previous year and the panic of last November followed.

The Tax Increasing Saloon Must Go!

What the Saloonkeepers' and Prostitutes' Personal Liberty Means!

Temperance has got most all of the beautiful words and phrases—purity, virtue, honor, integrity, Christianity, love of home, and the like. But intemperance and the saloon snatched one pretty phrase for their own and hold on to it with a vengeance—"personal liberty."

And how beautiful it is when freshly plucked from the dictionary and the constitution of the United States, unpolluted, uncorrupted, pure as the driven snow. It looks splendid.

But, Oh! ye gods! what a change it undergoes when it has been dragged through saloons and houses of prostitution, and then flaunted in the face of decency and good government. See that drunken, maudlin crowd, enslaved by appetite, jeering, quarreling, fighting, frightening women, annoying decent men? That is the latest and most up-to-date interpretation of "personal liberty."

See that man in the poorhouse, a total wreck, once a leading citizen in this county and holding high office, a slave to strong drink? That is "personal liberty."

See that gibbering imbecile, the scion of a prominent family, taking the train at Coshocton, where, his ruin began, for his lonely home, where once a noble woman presided and two little boys called him "papa." But now he's locked up in the dungeon of friendlessness. That is "personal liberty."

"Say, kind friend, gimme 10 cents to get something to eat," begs the man who's seen better days. That's "personal liberty."

See that sad face at the window, with the little ragged, hungry toils about her knee? The very tea-kettle seems to hiss the anguish and despair of—"personal liberty."

Take note that our two railroads in this township; one running clear across the township, have spattered the crimson of one man for every mile, because of the "personal liberty" he acquired in Coshocton saloons. A number of widows and orphans were left, and one of the graves is still fresh.

Watch some misguided soul lessen his efficiency, annoy his employer or patron, rob his family, all under the delusion of that beautiful phrase, filched from the English gems—"personal liberty."

See that fellow in the costly automobile, grown rich off those whose banner was "personal liberty?" Every spoke, every bolt, every piece of his auto represents a harsh word, a privation, a deep sorrow, a poor, unhappy home. "Personal liberty."

And find a man of responsibility, if you can, in whose life there hasn't been some note of distress, some bitter wail of sorrow, some appeal for help from some friend. All for "personal liberty."—West Lafayette Indicator.

BACK ACTION "WET" ARGUMENT

The Saloon keeper says "Vote Newark 'Dry' and you will kill the town."

The saloon follows say: "More liquor will be sold here if you vote the town dry than if we vote the town wet."

"Therefore the more liquor we sell in Newark the deader we will kill the town."

The saloon keeper says: "You vote Newark dry and you will kill the town."

The saloon advocates say: "The people of Newark will go to Columbus to trade because they can get their liquor there."

And then again they say: "More liquor will be sold here if you vote the town dry than if we vote it wet."

(Why will they go to Columbus if so much more can be had here under the "dry" than under the "wet?")

The booze "slinger" says: "More liquor is sold in 'dry' towns than in 'wet' towns."

The booze "hunter" says: "Vote Newark wet and it will be the best town in this part of the state."

The booze "slinger" and "hunter" say: "People from Muskingum and other counties that have voted dry will come up here to live and buy their supplies here, because they can get their liquor."

(Why if more liquor is sold in their dry towns will people come to Newark if it goes wet?)

The Brewery and Whisky paid head of the "Workmen's" Protective (C) Association (C) says: "Vote Newark dry and you will put the glass blowers out of business."

And the whole booze crowd says: "More liquor sold in dry territory than in wet territory."

(Then why will voting Newark dry hurt the bottle business.)

A NEWARK GLASSBLOWER.

Saloon Falsehoods Punctured

FALSEHOOD NUMBER 1: You will rob your neighbor if you vote dry.

"Not so, but you will stop the saloon keepers from robbing innocent mothers and helpless children of clothing and food, and a fair chance for happiness. You will stop the gamblers from robbing the homes of Newark of the moneys that should come to them on pay night. And you will stop the houses of ill-fame from robbing the young manhood of Newark of health and honor and virtue; for the saloon keeper, the gambler, and the scarlet woman are ever linked together in "business."

FALSEHOOD NO. 2: "You will stunt the growth of the city if you vote dry."

The truth is that the city of Newark would gain most of the gamblers, thugs, robbers and fallen women of Zanesville if it went wet. But it won't, for no one wants to have the offscourings of the counties that have gone dry dumped into Newark. But we shall have them if we retain our saloons.

The press of Zanesville is full of stories of robberies caused by those who were brought in by the saloon keepers previous to election for the purpose of helping to carry the county wet and who are waiting to come here if this goes wet. The Zanesville Courier of Saturday evening had the following article:

"Determined to break up the gang of burglars who have been operating in the city, the police department is working night and day, and leaving nothing undone that would aid in the search. The bloodhounds which have been used on several occasions will be kept in the city for some time and will be used whenever possible."

And these bar flies will be here a few days before election to help "swell" Licking county. And they will stay if the saloons stay.

FALSEHOOD NUMBER 3: "You will put men out of employment if you vote dry."

Senator Carmack said recently: "The tattered vagabonds wallowing in the gutter add nothing to the wealth of a community. And neither does the one who put them there."

No man engaged in any legitimate business will be put out of employment when the saloons go. Only the drunkard maker, the gambler, the bootlegger and the prostitute will be put out of business. But they will have to go.

FALSEHOOD NUMBER 4: "You will close some of your factories if you vote dry."

Not a single factory was ever closed in any town in the U. S. because the town went dry. Of course not. Drunkards do not buy the products of any factory. Sober men do. Even the bottle makers will make more bottles for other people than for beer-eyed, impoverished drunkards. Men who now booze out of the bung-hole of a beer barrel will be able to buy bottles of catsup, olives, pickles, horseradish, for the dinner table and bottles of perfumery for their wives. Booze never did help any person or city, not even the poor, deluded fellow who wrote that stuff in the Express.

FALSEHOOD NUMBER 5: "The fight against Local Option is no fight for the saloon?"

Isn't it? Guess again; and don't have so much beer aboard next time, brother. Local option is fighting nothing but the saloons, and is well aware that those who are fighting against Option are fighting for the existence of the saloon. This business of hiding behind "Personal Liberty" is a sham and a lie. Where is the "Personal Liberty" of the 16,517 men and women who, according to the report of the Secretary of State, are today in Ohio penitentiary and jails, 84 per cent. of whom went from the back door of the saloon to the front door of the jail?

FALSEHOOD NO. 6: "If you vote the saloons out the taxes must go up."

That is the favorite saloon lie, and has been used in every county and state that has tried to rid itself of the saloon evil. But every dry community is proof that the statement is a brazen falsehood. East Liverpool, Washington C. H., Newcomerstown, Alliance, and a hundred towns and townships, besides the five counties that were dry under the Beal law, all witness to this.

As a matter of fact, which is clear to any man who has eyes, it is the saloon, with its burden of pauperism, criminality and insanity that causes most of our taxes. The recent trial in common pleas court will be an illustration of this. This saloon murder cost this county \$800.00. And there are two others pending, which will cost several thousand dollars, as there is an army of witnesses alone to be paid.

Over against these three saloon murders in this one county, the Governor of Dry Kansas, in his Thanksgiving proclamation, mentions the fact that several large counties in that state have neither pauper nor criminal to support. And neither will dry Licking as soon as the murder mills will cease within her borders.

AMUSEMENTS

"PAID IN FULL"

Present day in its stiff demands of a dramatist that he carry the moral situation to the very brink of the precipice and then, just when one has reached the top of the cliff, characters will make the final false step, giving the audience a sense of relief and safety, is a common occurrence.

Eugene Walter, the author of "Paid in Full," has followed the tradition of the dramatist in the conduct of the wronged wife is correct, but he has carried his plot so true to the nature of human beings, so real to life that the second and third acts, having ended, is a relief.

The production of "Paid in Full" at the Auditorium theater last night was a delightful success—one of the kind of attractions that stays in the memory for seasons. In every particular the performance was an unexceptional hit. It was artistically done as to both acting and scenery.

Wagenhals & Kemper in the staging of this play have come close to the Belasco ideal of real finish in the matter of detail than any other production whose efforts have been seen in this city, without an exception. Details of stage settings do not consume much time, but what a difference they make to the audience! There you have the real equipments of a home, or some of the more unnecessary trappings of the bachelor's den, but they all add realism. Why, in the setting of the first act, a glance through the open door into what we naturally suppose to be a pantry, could be seen a bread toaster hanging to a shelf—a part of the stage equipment unnecessary in the business of the play that wouldn't be missed if it were not there. Yet a mere detail that adds force to every situation in that room.

As to the plot, "Paid in Full" is admirably constructed. It is admirable because it is natural, exceptionally absorbing, vital and significant. By the use of the art of plot construction, the author takes the audience in his hands, carries them rapidly through a succession of human interest situations, and with the final curtain returns them to their seats in the theater with a mind full of something worth thinking about.

The sympathetic interest in the unfortunate victim of weakness gradually changes to extreme pity, and then, with his last clear exposure of his real self, the man becomes no longer pitiable, but disarming. In this character of "Joseph Brooks," Lionel Adams is exceptionally fine. There are one or two moments when his emotions were not quite proportioned to the cause, but those did not interfere with the general impression of his work.

As "Emma Brooks," the wronged wife, Miss Blandick's ability was a delightful equal with the other members of the cast and at times superior. Her ability came to the front with a glow in the third act in the scene in the den of "Captain Williams," bachelor and capitalist.

Scott Cooper, as "Captain Williams," introduces to the stage a new character, one that exists in lots of places, but not common about inland towns. This character is a revelation. It shows the paradoxical being—a human monster with a heart. Mr. Cooper might be accused of overdoing it some, but not seriously enough to put a hush on the murmur of public approval of the author's intention with the character.

Mr. Backus, a Columbus man, carried off the honors insofar as comedy was concerned. His portrayal of "Jimie Smith," the folly American rover, who "was suddenly thrust in

up in the unsympathetic public without his consent," was a delight to a local audience and was highly appreciated.

The other, and better, character of the play was "Joseph Brooks," who at all times kept one of the most perfect of his kind in the auditorium. The actor's performance was a real triumph. In one of his scenes, he was in the hands of the audience, and in another, he was in the hands of the audience.

THE PRESS AGENT SAYS:

In "The Play of the Plains" at the Auditorium theater last night, Mr. Sedgwick has produced a play of characters in the body of scenes and has limited the action of the play to two days. The actor himself is a gambler and border town character, generally despised by the society of the Canadian line of Victoria, but not without his good points. Val Galbraith, the son of a road-house keeper, had killed a reservation Indian, under police investigation, and was wanted by the Canadian police. Having an alibi for Val's sister, and being otherwise under obligations to him, Pierre undertakes to inform the fugitive's father and promote his escape. But in this task he is thwarted through the act of the sister, Jen Galbraith, who, to save her lover's honor, carries to the headquarters of the police the dispatches of the trooper who has failed in his mission through a plan laid by Pierre, thus bringing about the final arrest of her own brother, a fact of which she is ignorant. It is the effort of Pierre to save the boy that leads to the dramatic situations of the play which are said to be extremely novel and interesting.

Well, well! It is just what we said about it yesterday—the best comedy hit yet at the Orpheum in a long time. Chantrell & Schuyler, in their "Hamlet Up-to-Date," is a scream from start to finish, and the audience helped them along with their applause, which, when given to an actor, has the bracing powers to him as water has to a thirsty horse. This act is very cleverly written around Shakespeare's "Hamlet," with but one intent, and that is for laughing purposes only, and judging from the applause of the three shows yesterday, they have succeeded in their undertaking.

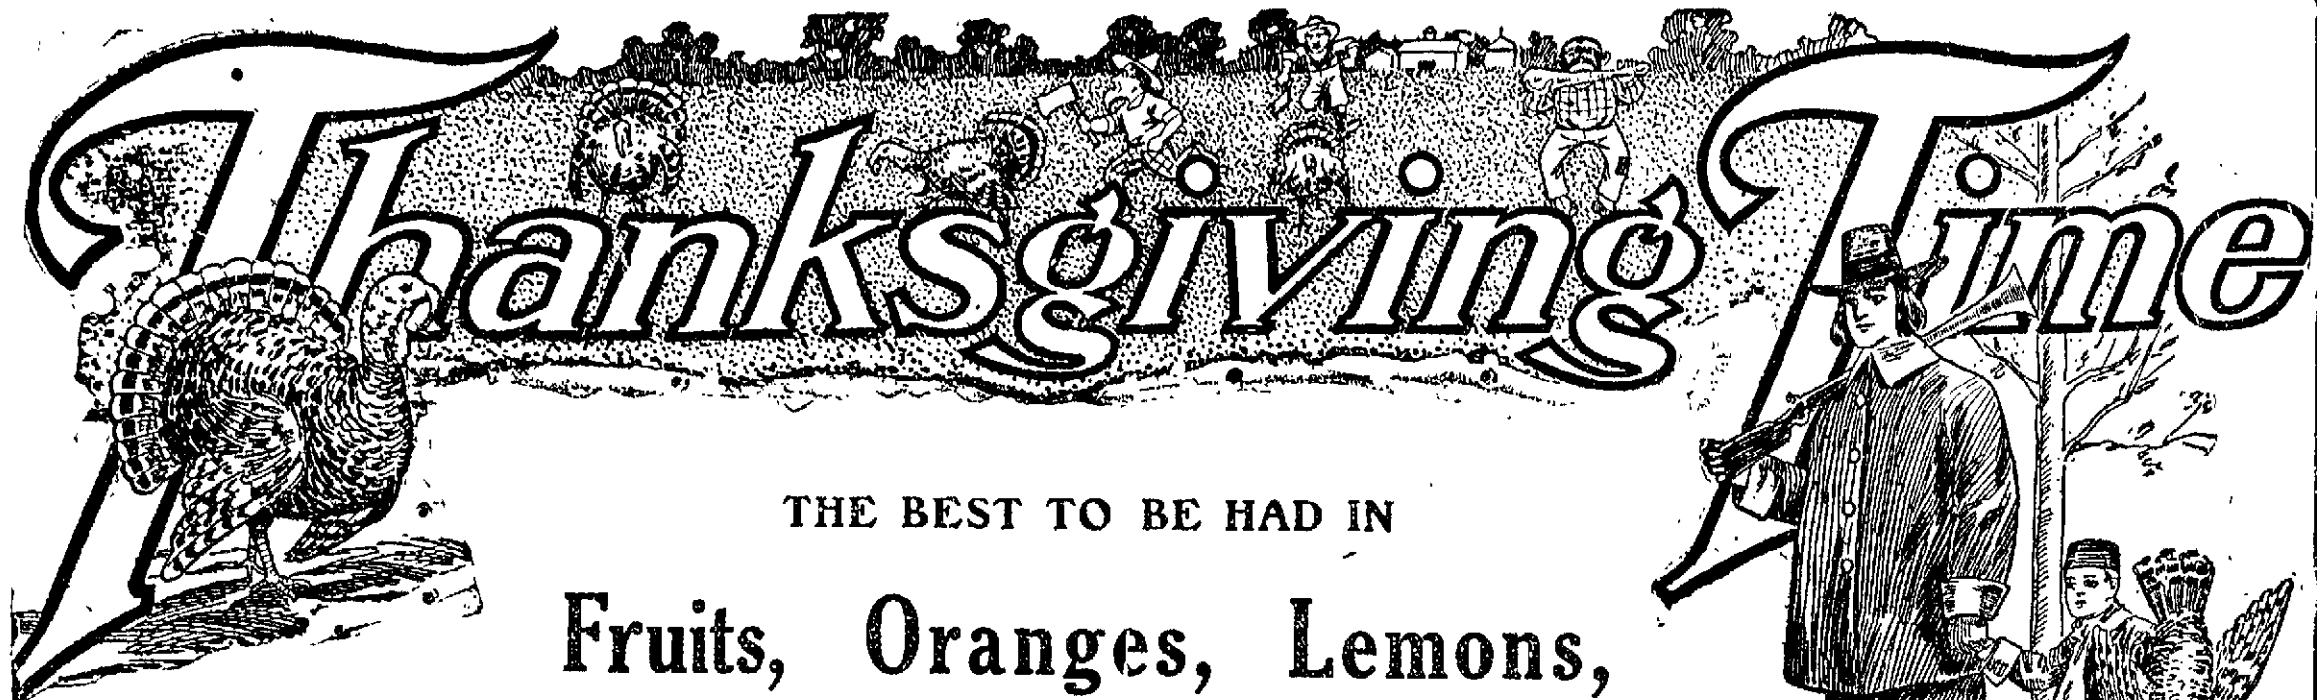

CHANTRELL & SCHUYLER.

In "Hamlet Up-to-Date."

The three Mothovon Sisters have an exceptionally strong singing act, and were compelled to respond to quite a number of encores. Their songs are all new and well selected. The song, "The Hymns of the Old Church Choir," is possibly the feature number.

share of applause with her character songs.

Gertrude and Robert Day, in a novelty musical act, entertain, and the sand pictures are something new to the people here, and were quite a feature in the act.

It is not expected that all of the human family is going to be reformed by its selfishness. That there is need of radical reform with the majority of people there is no denying. Though it is useless to hope that we will cease thinking of ourselves and our individual interests and bestow unusual interest in behalf of others, it is nevertheless a good thing to have an object lesson placed before the public at frequent intervals. "A Message From Mars" will teach the lesson at the Auditorium theater, Wednesday night and Thursday matinee and night.

Audubon (Pa.) Republican, Oct. 29, 1907: "Music-loving people expected much from this company and for Schildkret's Hungarian Orchestra we are glad to say they were not disappointed. The program was a delight from start to finish. Mr. Schildkret is not only a skillful musician, but is a master-hand as a leader. His playing on the flute and piccolo excited much enthusiasm. We are informed the club is making an effort to have them return. We trust they will succeed. If they come again they will receive an enthusiastic welcome by a large audience."

At the High school auditorium, Thanksgiving night.

Theatergoers were so much pleased after witnessing a performance of "A Message From Mars" on a previous occasion that they still have fresh in their memories the convincing lesson taught by this play against the besetting sin of selfishness. They also remember the delightful humor of the play, the brilliancy of its dialogue, the climax of its scenic embellishments, and the splendid architecture of the play in general. This comedy is not only well and pleasantly remembered here, it will again be played on view at the Auditorium theater, Wednesday and Thursday, Nov. 25 and 26, with a special Thanksgiving matinee.

Schildkret's Hungarian Orchestra was brought over from Hungary during the World's Fair year, and was especially engaged for concert work in Chicago at the time through Mrs. Potter Palmer. They also especially engaged for a season at Old Vienna and received the first grand gold medal for their work. Since that time they have played all through the East, returning to Chicago in time to play for Prince Henry on his tour through this country some years ago. While in Washington Mr. Schildkret played at Washington Park club, attended by Miss Alice Roosevelt, so it is not surprising that he was summoned to Washington to play at her wedding.

Mr. Schildkret is without a peer as a leader. The company includes as soloists, a pianist, violinist and flutist, Mr. Schildkret himself being one of the greatest flute soloists in the world. At the High School Auditorium next Thursday evening.

How To Get Strong.

P. J. Daly, of 1247 West Congress street, Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine, about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. FILES PETITION FOR WRIT OF HABEAS CORPUS AND CASE IS CONTINUED.

Busy Days in the Various County Offices—Items Found by the Advocate's Court Reporter.

Mrs. Barrett filed a petition for a writ of habeas corpus in the probate court late Monday afternoon. In the petition she alleges that she is the mother of May O'Bannon, aged 11 years, a daughter by a former husband, and that the child is illegally detained from her by Corn and Joseph Frens. The writ of habeas corpus was issued to the sheriff and the case was set for hearing at 8 o'clock Tuesday morning. All the parties appeared in court and the defendant asked for further time. The case was continued to Friday morning at 9 o'clock. Meanwhile the little girl is temporarily in the custody of her grandmother.

New Road Viewed.

The county commissioners viewed the Johnstown and Sunbury road on Tuesday. The road has been practically completed and is one of the finest roads in the state. It extends from the Delaware county line to the corporation limits of Johnstown.

Probate Court.

The probate court heard two cases in the assignment of John DeWolf to Henry B. Rusler. One was the application of J. M. Clark and the other the application of Frank Williams. They have certain claims against John B. DeWolf, secured by chattel mortgages declared to be preferred claims. The court took the matter under advisement.

The will of Chauncey W. Mead, deceased, of Jersey, was filed for probate in the probate court on Tuesday. The hearing has been set for Dec. 14 at 10 o'clock.

Application to probate the will of Ellen Wheeler, deceased, of Washington township, has been made in the probate court. The hearing has been set for Dec. 28, at 1 o'clock.

Amanda Motz has been appointed administratrix of Fontaine Earl Motz, deceased of Newark. Bond \$100.

Probate Judge Brister has received the following notifications from Superintendent George Stockton, of the state hospital, regarding Licking county patients:

Mattie Forgraves, granted a trial visit Oct. 28.

Frank T. Laird, discharged Oct. 27.

D. C. Miller, discharged Oct. 21.

Alimony Granted.

In the divorce case of Rolla Pound vs. Bessie F. Pound, a hearing for temporary alimony was had Monday. The court granted Mrs. Pound temporary alimony in the sum of \$20 per month and \$25 attorney fees.

Reply Filed.

In the case of John H. Meanor vs. the P. C. C. & St. L. R. R. Co., the plaintiff has filed his reply to the answer of the defendant. He denies all the allegations made by the defendant not admitted to be true, and prays judgment as in his petition.

Answer to Petition.

In the case of E. A. Prentiss, doing business under the name and style of the East Side Lumber company, vs. Belle Walker and W. H. Walker, the defendant, Belle Walker, has filed her answer to plaintiff's petition.

Suit for Alimony Due.

In the case of Rosa Wallace against Arthur C. Wallace and the B. & O. R. R. Co., plaintiff says that in a decree granted by the probate court she was allowed \$25 a month alimony, and there is now due \$25. She asks that the B. & O. R. R. Co. be ordered to pay to the clerk of the court, \$25.

Answer and Cross-Petition.

The answer and cross petition of William W. Geach in the case of Sarah M. Cramer vs. Charles T. Cramer, Mattie C. Cramer, Lewis Evans and others, has been filed with the clerk of the court.

Transcript.

A transcript from the civil docket of Justice W. F. Holton in the case of Annie L. Martin vs. Thomas Kincaid, and Helen Kincaid, to recover a percentage claimed to be due in the selling of a dwelling house, has been filed with the clerk of the court.

Judge Wickham Arrives.

Judge Wickham arrived in town Tuesday morning to hold court here for the balance of the term.

Case Set for Hearing.

Robbins Hunter, special master in the case of Granville, Ohio, vs. the Granville Natural Gas and Light Co., appointed by the circuit court, will hear the case, which is fraught with great interest to the people of Granville and vicinity, at the council chamber in Granville, Dec. 28. Many intricate and important matters are involved in the law suit.

THAT GREAT? SUNDAY MEETING

The meeting of the wage earners (saloon men) Sunday was a howling success, yes indeed.

The Ministers were put on the unfair list, because they did not patronize the saloons.

The women were put on the unfair list because they were not fair.

The horses were put on the list because they were a detriment to the automobile worker and to John D. Rockefeller's oil.

The Laundry men were put on because they took the washing from the (workmen's wives) so the workmen would have to work to get booze, see.

The cows were declared fair, and the boxes on them was raised because they never went dry.

The speakers were many and many languages were in evidence, some of them so broken they were altogether unknown to us. However, they spoke and knew they were speaking what was right because they were there.

This was an honor bestowed, in any way you figure it, and no danger of hurting any one's feelings, for there was little feeling in the meeting.

It was decided to let the drys do all the early morning voting and the wets to vote late and each wet was to have two tickets, one a dummy to be folded nicely in the legal or as to be scattered on in the court to invalidate the precinct, and get it

thrown out. Nice scheme this: it will work, too.

The next thing is to get the returns in the safe of the city building, where everybody in town has a key, and it is a safe bet the little BALL will not be found when the shell is taken up. However it's a game of the Fanatics against the People (us saloon men) and it must be.

Some man wanted to compare the number of members of the various labor organizations that had lost their situations in the past year through drink, with the number of men that will lose their jobs by the closing of saloons by a dry victory, but the man was told to keep quiet and drown himself, that he was getting in bad with the people (us saloon men's).

One fellow from Ulica said he understood this closing business was just the same as a closing out sale at a milliner's or shoe store, and that booze would be cheaper. He was referred to the brewers.

The next meeting they have come

to it, it's half of your life. You won't see anything there to hurt your feelings.

The street car men were hit a bump for signing the petition, and some declared they would walk until they could get these men removed.

One fellow was enthusiastic on the subject of the number of loose characters that Zanesville would send in, when it went wet, and was thinking out a plan to get them housed before the cold blast came, and by the way this will be a great gain for Newark, just think of these good people, why they will come by the car load.

Oh, I tell you the wet victory that the fellows have in mind for Newark is to work wonder. It will increase the population, also the cemeteries and jails.

Now boys to work, rent them body and breeches, give no quarter, keep your wits dry.

PLANNING

To Make Every Day Thanksgiving Day is a Helpful Newark Suggestion.

Thanksgiving Day is very near, with its turkey, cranberry sauce and other trimmings. There's a way to live which will make every day a day of thanksgiving. It doesn't require tremendous incomes to begin the cultivation of the valued habit of saving. At the Newark Trust company, you'll find hundreds of depositors who started with SMALL accounts. The courteous treatment given all who open either savings or commercial accounts at this Bank in the Newark Trust Building, has helped in its steady growth.

To those who are keeping idle money under lock and key, the Newark Trust Co. offer in their Certificates of Deposit and Savings Accounts a sure, safe way to earn 4 per cent. interest.

Some people call this "velvet." It is certainly more sensible to make one's money earn more money than to store it away in the old family bureau drawer. With capital \$200,000.00, surplus \$100,000.00 and resources over \$1,300,000.00, the Newark Trust company offers an absolutely safe depository for your funds.

More Facts About Olive Oil

Cleanliness is a matter of especial interest to every consumer of food and medicine. In the manufacture of any oil, when the difficulties encountered are considered, the matter of cleanliness and absolutely sanitary conditions is of especial importance. There is no country where these matters are given so much consideration as ours, and no more conspicuous example could be selected than the home of "Sylmar" Brand Olive Oil. It was here a few months ago that an inspector after giving the entire plant and premises the closest scrutiny declared that in 20 years work as inspector this was the only plant of this kind with which he could find no fault. Such an example could not be found in any country imported Olive Oil here. On the contrary, a full attention would satisfy the thoughtful that absolutely different conditions exist. We sell "Sylmar" Brand Olive Oil exclusively.
